<u>TYPE</u>	<u>MACHINE</u>	<u>TYPE</u>	<u>MACHINE</u>
1	Mechanical Punch — Numerical	82	Sorter — 650 Cards a Minute
11	Electric Punch — Numerical	89	Alphabetic Collator Model 1, 19 Positions Model 2, 16 Positions
15	Motor Drive Punch — Numerical	101	Electronic Statistical Machine Model 1, 60 Units Counters Model 2, 15 Units Counters
16	Motor Drive Duplicating Punch — Numerical	285	Electric Accounting Machine — Numerical
24	Card Punch Model 1, Alphabetical and Numerical Model 2, Numerical	402	Alphabetical Accounting Machine
26	Printing Card Punch Model 1, Alphabetical and Numerical Model 2, Numerical	403	Alphabetical Accounting Machine with Multiple Line Printing
31	Duplicating Punch — Alphabetical and Numerical	404	Alphabetical Accounting Machine with Multiple Line Printing
36	Printing Punch — Alphabetical and Numerical Model 1, Duplicating Printing Punch Model 2, Printing Punch	405	Alphabetical Accounting Machine
43	Tape-Controlled Card Punch — 5-Channel Tape Model 1, with Alphabetical Keyboard Model 2, without Alphabetical Keyboard	407	Alphabetical Accounting Machine with Wheel Printing
44	Tape-Controlled Card Punch — 8-Channel Tape Model 1, with Alphabetical Keyboard Model 2, without Alphabetical Keyboard	412	Alphabetical Accounting Machine — Unit of Card-Programmed Electronic Calculator Models AA and BB
51	Mechanical Verifier — Numerical	416	Numerical Accounting Machine — 150 Cards a Minute
52	Motor Drive Verifier — Numerical	418	Numerical Accounting Machine Unit of Card-Programmed Electronic Calculator
54	Alphabetical Verifier	513	Reproducing Punch — Summary Punch for Types 285, 404, 405, and 416 Accounting Machines Model 1, Summary Punching, 80 Columns Comparing Model 2, Summary Punching, 45 Columns Comparing Model 3, No Summary Punching, 80 Columns Comparing Model 4, No Summary Punching, 45 Columns Comparing Model 5, No Summary Punching, No Comparing
55	Verifier — Alphabetical and Numerical	514	Reproducing Punch — Summary Punch for Types 402, 403, and 407 Accounting Machines Model 1, Summary Punching, 80 Columns Comparing Model 2, Summary Punching, 45 Columns Comparing
56	Verifier Model 1, Alphabetical and Numerical Model 2, Numerical	516	Duplicating Summary Punch — Used with Type 285 Electric Accounting Machine
63	Card-Controlled Tape Punch — 5-Channel Tape		
64	Card-Controlled Tape Punch — 8-Channel Tape		
75	Card Counting Sorter Model 1, 400 Cards a Minute Model 2, 250 Cards a Minute		
77	Collator — Numerical		
80	Sorter Model 1, 450 Cards a Minute Model 2, 250 Cards a Minute		

<u>TYPE</u>	<u>MACHINE</u>	<u>TYPE</u>	<u>MACHINE</u>
517	Gang Summary Punch — Used with Types 402, 403, 404, 405, and 416 Accounting Machines Model 1, Independent Operation Model 2, Attached to Accounting Machine	603	Electronic Multiplier
518	Gang Summary Punch — Used with Type 285 Electric Accounting Machine	604	Electronic Calculating Punch
519	Electric Document-Originating Machine — Summary Punch for Types 402, 403, 404, 405, 407, and 416 Accounting Machines Model 1, Summary Punching, 80 Columns Comparing Model 2, Summary Punching, 45 Columns Comparing Model 3, No Summary Punching, 80 Columns Comparing Model 4, No Summary Punching, 45 Columns Comparing Model 5, No Summary Punching, No Comparing	605	Electronic Calculating Punch — Unit of Card-Programmed Electronic Calculator Models 2 and 3
522	Duplicating Summary Punch — Used with Types 402, 403, 404, 405, and 416 Accounting Machines Model 1, with Alphabetical Keyboard Model 2, without Alphabetical Keyboard	801	Proof Machine — 12 or 24 Pockets
523	Gang Summary Punch — Used with Types 402, 403, and 407 Accounting Machines Model 1, Independent Operation Model 2, Attached to Accounting Machine	802	Proof Machine — 24 Pockets Model 1, with Endorsing Unit Model 2, without Endorsing Unit
524	Duplicating Summary Punch — Used with Type 101 Electronic Statistical Machine	803	Proof Machine — 32 Pockets Model 1, with Endorsing Unit Model 2, without Endorsing Unit
527	Punching Unit for Type 604 Electronic Calculating Punch	805	Electric Test Scoring Machine Model 1, with Graphic Item Counter Model 2, without Graphic Item Counter
550	Interpreter — Numerical	854	Cardatype — One Document Writer — 5-Channel Tape
551	Check-Writing Interpreter	856	Cardatype — One Document Writer — 8-Channel Tape
552	Alphabetical Interpreter	857	Cardatype — Secondary Document Writer with either the Type 854 or Type 856
601	Electric Multiplier Model 1, with Crossfooting Model 2, without Crossfooting	916	Bill Feed — Used with Types 402 and 403 Accounting Machines
602	Calculating Punch	920	Bill Feed — Used with Types 404, 405, and 416 Accounting Machines
602A	Calculating Punch Model 1, with Dividing Model 2, without Dividing	921	Automatic Carriage — Types 285, 404, 405, and 416 Accounting Machines
		922	Tape-Controlled Carriage — Type 407 Accounting Machine
		923	Tape-Controlled Carriage — Types 402 and 403 Accounting Machines
		924	Carriage — Dual Feed Tape — Types 402 and 403 Accounting Machines
		941	Auxiliary Storage Unit of Card-Programmed Electronic Calculator
		954	Facsimile Posting Machine
